

Robotics and Engineering Enthusiast seeking to apply my 3D CAD design skills, passion for technology and creative approaches to problem solving towards pushing what's possible with Autonomous Systems.

EDUCATION

Dartmouth College

2024 - 2026

- **Relevant Coursework:** Calculus, Calculus of Multi-Variable Functions, Calculus of Vector-Valued Functions, Linear Algebra

Rensselaer Polytechnic Institute

2026 – Present

- **Relevant Coursework:** Differential Equations, Robotics, Physics, Game Storytelling.

EXPERIENCE

NASA

Glenn

High

School

Engineering

Institute

2025

- Worked and learned alongside Aerospace Experts in world-class laboratories.

Grasshoppers Robotics FRC

2022 - 2026

- Lead Designer winning multiple Creativity Awards and Judges’ Award for Design.
- Pit Lead where we fix and repair the Robot during the short period between matches.

Troop 45, Scouting America, Hanover NH

2014 - Present

- Painted two 16-foot-long murals for local VA Medical Center as my Eagle Scout project.
- Attended four High Adventure programs including Philmont Scout Ranch
- Reached Eagle Scout after 12 years

BarnArts Community Theater, Barnard VT

2021 – 2025

- Ran lighting for 7 performances over 4 years. Lead Lighting and Tech for 3 performances.
- Experienced in Lighting and Sound equipment setup and operation.

ADDITIONAL SKILLS

- MATLAB, Mathematica, Julia, Python, Java, CSS, Revit, OnShape, C++, Graphic Design, Affinity Suite, OpenVSP, TwinMotion, Microsoft Office, Microsoft Excel.
